Dear Friend:-

Will write you a few lines this rainy Sunday. This is the longest wet spell since I have been in Kansas. Lots of rain for the past ten days.

Wheat is fine, but need some cold weather to check the growth. It is high enough now Occupation by American and to hide a jack rabbit. I have 71 acres and 4 acres in alfalfa. Sowed in September and it is

Have not bought a place yet Did not think of any of the farms you mentioned. Would like to buy a place worth from \$4000 to \$8,000. I noticec the Buchanan place that Curt Yarberry sold last fall was for sale. Has been sold? if not, find out what they want for it. I got home from south Texas last Friday. Had been down there with a land company to see their lands so will give you a little sketch of my trip. Went from Kansas City in special coaches (Pullmans) owned by Stewart Land Co. Our first stop was at Hous-

ton, Texas, where they had an interurban take our gang, about 60, to Galveston, a distance of 60 miles. Passed the aviation training camp. Saw the boys flying around like birds. Had walked about two blocks in Galveston, when three soldiers ap peared with guns and swords and ordered us to stop and we did not do anything but stop. Had been there about five minutes when a man in palm beach suit told us to get on boat. Soldiers marched with us to boat and seemed to be amused at such a crowd of "greenies." Had plenty of old time music on boat and an old lady (78 years) from Minnesota danced a little. You should have heard the cheer for her. When we arrived in Rio Grande valley she bought land amounting to \$20,400. She was a live wire.

We were on Gulf about three

hours. Saw ships from different countries unloading. Also saw war ships and two submarine chasers. Went to restaurant and eat fish. Not quite so long as we had been on Gulf. Took a street car for bath house and all went in bathing, as they preferred gulf to going into pool and had a shower bath on coming out of gulf. Took car back to Houston to our coaches, washed, ate supper and to bed. Next stop in Rio Grande valley at a small town. Met us there with 14 passenger automobile. Took us to pumping stations where they pump water from river to irrigate this whole val- and full value poid ley. Rio Grande is not wider at raw FURS this point than Green river at Mides and Jim Wade's place, but much deeper. Looked across river into old Mexico. Went a distance of 10 miles to club house. Club house is house built by company where they entertain prospective land buyers. When we arrived there they had a good dinner ready for us. When dinner was over we went for a ride looking at improved farms, oranges, grape fruits, etc., and were dark getting in. Our drive that day covered 112 miles. Had Mexican music and dance that night, another drive of 50 miles next My Dear Wife: morning. ing for orders I was praying to God, and asking him to guide us safely through the battle that we were to take part in. I was not excited hardly at all. Dear if you have not read the 11th chapter of St. Mark, read from the 22nd verse on down, anyway. I read a chapter nearly every day if it is so I can. I sat out on one of the Hun's big guns we captured one day while we were on the battle field and read my testament. I feel that if God is with us we can do whatever we undertake to do. If we are in the right and ask bim to help us and without him we can do nothing. Well, it is getting late and I want to write home and to Annie and Lula. We have not had time to write much lately. We hiked yesterday evening and until about midnight last night. Got on the wrong road was the reason. I will close hoping to hear from you soon.

Your husband,

Bryan Royse.
